CALL FOR APPLICATIONS

UNIVERSITY OF MONS STUDENTS → POZNAŃ UNIVERSITY OF TECHNOLOGY

The European University Office at Poznań University of Technology (PUT) invites students of the University of Mons (Belgium) to apply for a short-term academic exchange in Poznań as part of the project "Cooperation and Education within the EUNICE Alliance" (WERSE), co-financed through the NAWA European Universities Support Programme.

WHY TAKE PART?

Take part in an international learning experience focused on secure Internet of Things systems. Develop your ICT design and research skills, collaborate with students and researchers from another EUNICE university, and strengthen your intercultural and communication competences.

WHO CAN APPLY?

- Students enrolled at the University of Mons who meet the formal eligibility requirements set out in the Recruitment Regulations.

WHAT DO WE OFFER?

- Participation in the short course "IoT Systems Security" at PUT in Poznań.
- A mobility of up to 5 days at PUT plus up to 2 travel days, accompanied by a six-week virtual mobility component.
- A travel grant, subject to the Regulations and the Participant Agreement, covering a stipend, travel-related expenses, and living and accommodation costs in accordance with the applicable rates.

APPLICATION DETAILS

Onsite mobility at PUT: 16 - 20.03.2026 (+2 days for travel)

Application deadline: 20.02.2026

Related documents: Recruitment Regulations and appendices; Participant Agreement and appendices.

Selection and accessibility. Applications undergo formal and substantive assessment. Recruitment follows equal-opportunity and non-discrimination principles; applicants may indicate any accessibility-related needs in the application form.
